

Display Ceiling Mounts

Elevated Engineering. Uncompromised Strength.

Heavy-Duty TV Ceiling Mount for 75" - 86" Displays

Overview

The Ordain OS-CMK-D75-86 is a premium, heavy-duty ceiling mount engineered to support large-format displays ranging from 75 to 86 inches. Designed for high-impact visual presentations, this mount offers exceptional stability and versatility, making it the ideal choice for demanding commercial environments such as airports, supermarkets, conference halls, and large retail spaces.

Constructed with a robust steel frame and finished in a fine texture black powder coating, the unit ensures secure installation for heavy screens. It features a comprehensive range of adjustments, including telescoping height, free-tilting, and multi-directional positioning (left, right, up, down), allowing for precise display alignment and optimized viewing angles from any location.

Features

- **Large Format Support:** Specifically engineered to safely hold large heavy-duty screens between 75" and 86".
- **Telescoping Height Adjustment:** Features a flexible pole design that allows for significant height adjustment to suit different ceiling heights and viewing requirements.
- **Multi-Directional Positioning:** Offers Left, Right, Up, and Down adjustability, ensuring the display can be perfectly oriented for the audience.
- **Free-Tilting Design:** Allows the screen to be tilted to reduce glare from overhead lighting and improve viewing comfort.
- **Post-Installation Levelling:** Includes levelling adjustments to ensure the TV hangs perfectly straight even after mounting.
- **Integrated Cable Management:** Built-in channels keep cables organized and concealed for a clean, professional appearance.
