Brilliance at Your Fingertips

Ordain 22" 10-Point Capacitive Touch Monitor

Overview

The Ordain 22" 10-Point Capacitive Touch Monitor is a premium interactive display specifically engineered as the perfect companion for the Ordain Digital Podium series. Designed to provide presenters, educators, and corporate professionals with ultimate control, this flat-panel monitor delivers a highly accurate and ultra-responsive touch experience.

Featuring advanced Projected Capacitive (PCAP) technology, the screen recognizes up to 10 points of simultaneous contact, allowing for fluid navigation, annotation, and interactive presentations. Combined with Super Clear visual technology, Full HD 1080P resolution, and a durable 7H scratch-resistant surface, this monitor ensures stunning colour performance, exceptional durability, and wide-angle viewing for any high-use professional environment.

Features

- **10-Point Projected Capacitive Touch:** Recognizes up to 10 simultaneous touch points for a highly accurate, ultra-responsive, and smooth interactive experience.
- **SuperClear Visual Performance:** Delivers stunning colour accuracy and wide-angle viewing (178° H/V), ensuring the display is perfectly visible from any angle on the podium.
- **Extreme Durability:** Built with a 7H scratch-resistant surface hardness, protecting the screen from heavy daily use, stylus impacts, and accidental scratches.
- **Eye-Care Technology:** Incorporates Flicker-Free technology to reduce eye strain during prolonged presentations and lectures.
- **Integrated Audio:** Comes equipped with Dual integrated stereo speakers, providing clear audio playback without the need for external desktop speakers.
- **Smart Automation:** Includes Auto Image Adjust for instant display optimization and an Auto Start Function to streamline the setup process before a presentation.
