

Kiosk Displays

Seamless Interaction. Smart Engagement.

Indoor Kiosk Display

Overview

The Ordain Indoor KIOSK is an innovative, multimedia communication solution designed to revolutionize audience engagement in public spaces. Functioning as a high-impact digital information station, it delivers customized content in a visually attractive format.

Powered by a robust Android operating system, the kiosk features a high-definition touchscreen that enables direct interaction between the user and the presented content. Built for durability and performance, it is the perfect fit for high-traffic environments such as stadiums, sports halls, customer service offices, cinemas, retail chains, hospitals, and conference centres.

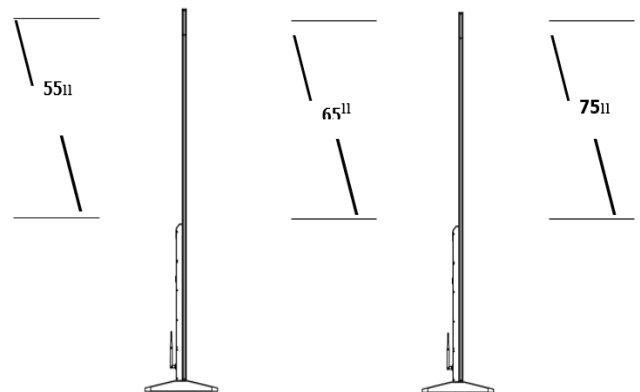

Technical Specifications

Specification	Details
Available Models	OS-IK55 (55"), OS-IK65 (65"), OS-IK75 (75")
Native Resolution	1080 x 1920 (9:16 Aspect Ratio)
Operating System	Android Version 12.0
CPU	Cortex-A76 Quad-Core + Cortex-A55 Quad-Core
Memory / Storage	4GB RAM / 64GB ROM
Brightness	350 cd/m ²
Contrast Ratio	5000:1
Viewing Angle	178 ° (H) / 178 ° (V)
Response Time	8ms
Operation Duration	24/7 Hours
Life Time (Light Source)	50,000 Hrs (Min.)
Network	LAN (RJ45), WIFI, Sim Card Slot
Interfaces	USB 2.0 (x1), USB 3.0 (x1), Type C (x1), HDMI IN, TF Card, RJ45 (x1), Earphone
Speakers	2 x 10 W (80)
Material/Finish	Black/Metal with Tempered Glass
Power Supply	AC 100-240V 50/60Hz
Operating Env.	0° C - 40 ° C ; 20%-80% RH

Features

- **High-Performance Computing:** Powered by a Cortex-A76 + Cortex-A55 Quad-Core CPU with 4GB RAM and 64GB Storage, running on Android Version 12.0 for smooth operation.
- **Stunning Visuals:** Features a Native Resolution of 1080 x 1920 (FHD) with a 5000:1 Contrast Ratio and 178° viewing angles, ensuring crisp, clear images from any perspective.
- **24/7 Reliability:** Engineered for continuous operation with a minimum light source lifetime of 50,000 hours.
- **Comprehensive Connectivity:** Includes a wide array of interfaces such as USB 2.0/3.0, Type C, HDMI IN, RJ45 (LAN), and support for Sim Cards and TF Cards.
- **Robust Design:** Protected by Tempered Glass and housed in a sleek Black/Metal chassis.
- **Integrated Audio:** Comes with built-in 2 x 10 W speakers for audio-visual presentations.
